Dear Mayor Smith;

October 2017 Code Enforcement received a complaint regarding a vacant dilapidated structure. I conducted an exterior inspection which showed deteriorating structural elements a huge hole in rear roof of the structure, rotting fascia and soffit. Neighbors are also complaining of a huge rodent problem. This structure shows to have been vacant since 2013.

Notice of Public Nuisance along with a Notice of City Council scheduled for February 26th, 2018 hearing date were mailed to the heirs by certified and regular mail and posted to the premises. Notice of hearing was also ran in local newspaper.

Dec 2017 I received a call from Herbert Hamilton one of the sons, I requested to meet with him at the structure for an interior inspection, and I also met with his siblings for a walk through of the structure. The interior inspection showed water damage from the hole in the roof, and several more housing code violations. Owners agree they don't have the monies to rehab the structure, and requested time to come up with a plan for demolition.

The structure is considered to be unsafe and unfit for human habitation and also a public nuisance, it is the recommendation of the North Little Rock Code Enforcement Department that these structure be considered for condemnation.
