SPECIAL SERVICE ARRANGEMENT (SSAR) APPLICATION
EMERGENCY NUMBER SERVICE (E9-1-1)
CITY OF NORTH LITTLE ROCK, ARKANSAS

Southwestern Bell Telephone Company dba AT&T Arkansas (hereinafter "Company" or "AT&T") and CITY OF NORTH LITTLE ROCK, ARKANSAS (hereinafter "Customer") hereby agree to amend the original Service Application for Universal Emergency Number Service (E9-1-1) of CITY OF NORTH LITTLE ROCK, ARKANSAS, signed by the CITY OF NORTH LITTLE ROCK MAYOR on 11/16/1987 (collectively "Application") as follows:

1. On and after the effective date, Company agrees to charge, and Customer agrees to pay a monthly recurring charge of \$3,106.00 for services rendered Pursuant to the Application for the CITY OF NORTH LITTLE ROCK 911 Centers to which Company provides service on the effective date of this Amendment. These charges will be in addition to the charges as set forth in the original Application. A non-recurring charge shall be billed for each site when the Customer orders the equipment for that site. The monthly recurring charge for each site shall start when the equipment is installed, and Customer accepts the equipment for that site; provided, however, that if Customer neither accepts nor rejects the equipment within thirty (30) days of installation, the equipment shall be deemed to be accepted. Description of services are as follows: **Replacement of existing maintenance for AT&T 911 Leased System, To 6 Positions of AT&T Hosted Next Gen 911 system, GIS Mapping, and MIS installation and maintenance. These are leased services from AT&T. Taxes not included in above charges-**
2. Customer and Company agree that the damage to Company in the event that Customer terminates the Application before it expires is not readily susceptible to calculation. If Customer terminates the Application prior to the end of its term, therefore, Customer agrees to pay Company a termination charge equal to one-half of the payments remaining for the balance of the Term (Termination Charge).
3. Upon the approval of the North Little Rock City Council, the Term of this Application shall be sixty (60) months from the date of acceptance by each PSAP for the Customer Premises Equipment (CPE) supplied under this Agreement, including the approval to extend the Application for an additional sixty (60) months, if determined by Customer that extension is in the Customer's best interest. The Application shall not be extended if either Party gives written notice, not less than ninety (90) days prior to the completion of the term, to the other Party of its intent not to extend. If neither Party serves notice of its intent not to extend the Application as amended, it will renew automatically on a month to month basis; provided however, that during said renewal period either Party may terminate the Application on ninety (90) days notice to the other Party. Should Company give notice of its intent not to extend the term of the Application, and Customer cannot reasonably make alternative arrangements to obtain maintenance services or replacement equipment provided for under this Amendment, Customer can request, and Company shall not unreasonably withhold its consent to an additional one-hundred- eighty (180) day extension of the Application.

4. Except for the specific additions and/or deletions specified in the amendment of Exhibit, all terms and conditions of the Application apply, and supersede any and all prior agreements, arrangements and understandings relating to the subject matter hereof. Together with the Company's tariffs, the Application as amended sets forth the entire understanding of the parties. Neither party has made any representation, promise inducement or statement of intention that is not embodied in the original Service Application, or the amendments thereto.
5. Except as specifically set forth herein or in Company tariffs on file with the Arkansas Public Service Commission, Customer shall not receive ownership, exclusive use or any other right or interest in the facilities, including the customer premise equipment, used by Company to furnish the services provided hereunder.
6. If federal or state law prohibits the Customer from executing any agreement that crosses its fiscal year, then the term of this Application shall be deemed to be through its fiscal year, and automatically renewable at the beginning of each fiscal year through the period specified elsewhere in the Application. In the event that Customer is unable to obtain funding for the next fiscal year for the services specified in this Application, then this Service Application shall terminate at the end of the last fiscal year for which funding is appropriated and Customer shall not be obligated to pay Termination Charge described above; provided, however, that Customer agrees to make reasonable efforts to obtain funding. In the event that it is determined by an administrative agency or court of law that this Service Application violates any laws, ordinances or regulations, or in the event a court of law determines that this contract breaches other obligations of the Customer, then AT&T and the Customer each has the option of terminating this Application with no further obligation to the other party.
7. The term "E9-1-1 Service" herein shall have the same meaning as that set forth in the Application.
8. "E9-1-1 Service" is subject at all times to the tariffs of the Company, and the rules and regulations promulgated, issued and/or approved by the Arkansas Public Service Commission. Should any conflict arise between the terms of this Application and the Company's tariffs, the Company's then-existing tariffs shall prevail. If such tariffs are removed and not replaced, the terms of the then-existing tariffs shall be incorporated by reference herein, including without limitation all disclaimers of warranties and limitations of liability and remedy.
9. Company and Customer hereby agree that each will fully cooperate with the other to perform all necessary acts in order to facilitate the provision of "E9-1-1 Service".
10. If any article, paragraph, clause or provision, or any portion thereof, of this Service Application is determined invalid or unenforceable, either judicially or administratively, such judgment shall not affect, impair or invalidate the remaining articles, paragraphs, clauses or provisions hereof, the intention being that the various articles, paragraphs, clauses or provisions hereof are severable.
