Dear Mayor Smith;

January 2018 after receiving complaints from neighbors regarding inoperable vehicles and what appeared to be an abandoned property, Code Enforcement conducted inspections of the property which showed two inoperable vehicles which were tagged by Code Enforcement additional inspections of the property showed the rear of the structure to have missing exterior walls. This structure has major interior violations also, collapsing floors wall and ceilings. This structure has been vacant since 2014 according to North Little Rock Utilities.

Code Enforcement has made several attempts to make contact with owners of records and/or interested parties all notifications returned unclaimed or forwarding address expired. Individuals did however remove the inoperable vehicles.

Notice of Public Nuisance along with Notice of City Council for the May 14th, 2018 hearing date was mailed to the owner of record by certified and regular mail and posted on the premises. Notice of hearing was also ran in local newspaper.

The structure is considered to be extremely hazardous, unsafe and unfit for human habitation and also a public nuisance, it is the recommendation of the North Little Rock Code Enforcement Department that these structure be considered for condemnation.
