## Jump Start Coalition

2/25/2016

6:00pm – 7:00pm

NLR Community Center – 2700 Willow

### Updates

1. Current historic Park Hill District doesn't have a local ordinance district, so property owners don't need permission to make changes. However, it is on the National Historic Registry. Houses must be 50 years old. Many more houses are now older than 50 years. NLR Historic Commission is looking at surveying to determine who could now be included. Benefits – tax credits if repairs are done correctly, it's a selling point, being a member of a historic community.
2. Levy Business Association received a grant, which they used to purchase and install banners along Camp Robinson Road. They look great! They are also planning another set of "Spring" banners to go up soon and possibly expand the number of banners as well. LBA made improvements to the flower bed in front of the fire station on Camp. They are also working on a plan to improve the aesthetics of the concrete barrier at the foot of the entrance ramp into Levy at 33<sup>rd</sup> St. They are also planning a community event for the beginning of May. LBA meets monthly. Contact President Peggy Hogg for more information.
3. Veteran's Mental Health Council – [veteransimpact.org](http://veteransimpact.org) – Meets the first Wednesday of the month at 3pm at the State Capitol in Room 151. They are interested in building a veteran's community center. Suggestion to talk to the NLR School District and St. Joseph Farm about available space. They already have some materials donated by Home Depot. The NLR VA is one of the top 3 mental health programs in the country. The CAVMHC is federally mandated.
4. Rock Region Metro spoke about the upcoming funding ballot measure for ¼ of 1 cent dedicated funding for public transit. This equates to 25 cents per \$100 spent. They anticipate this raising \$18 million. They are interested in connecting trails to bus routes. This will increase the frequency of certain routes, add new crosstown routes, and improve bus transit for schools. Rock Region also serves many veterans and gives them access to LR/NLR VA facilities. Be sure to try the new
